GradPlan – Student View

When GradPlan becomes available on January 11, 2021, students in the Graduate Career (not Medical or Law colleges) will see the GradPlan tile on their home page. This is where students will manage their Guidance Committees and Course Plans, complete an annual activity guide of questions, and be able to view future annual reviews. This job aid shows what GradPlan looks like from a student perspective.

In addition, you will also be able to track your progress towards the Responsible Conduct of Research training.

When you click the **GradPlan** tile, the page opens with a list of menu items on the left, with the Committees option showing.

Committees

If you have a guidance committee already, it will be displayed under Current Committee.

Students - R4 January	GradPlan	ŵ	Q	۵	:	Ø

Course Plan

On the Course Plan page, students identify the courses you are intending to present towards your degree. While the Degree Audit lists the various requirements you must satisfy, the course plan is where you identify the specific courses you intend to use to satisfy each requirement.

Students do not have to assemble their course plan immediately upon matriculation; they usually wait until later in their first or second year to create their course plan.

Click **Course Plan** in the menu on the left; the page opens with instructions and the current course plan (if one exists).

< Students	GradPlan	ଇ ଦ ଦ :

In the **Research Reviews and Approvals** section, you will affirm whether you are participating in research that involves human or animal subjects. If the answer is yes, there will be a second field where you must enter the associated IRB or IACUC number.

Annual Review

The Graduate School has a requirement that students complete an Annual Review each year with their program. The Annual Review page will be a repository of those required reviews.

You and your advisor will complete an annual review each year in whatever format your department uses, and the completed form(s) will be uploaded to this page by an administrator. Once the completed document has been uploaded, you will be able to View Attachment here.

Staff, advisors, and guidance committee members with administrative access to GradPlan are also able to see your annual reviews.

Service Requests

While you are able to submit Committee and Course Plan requests starting in January 2021, note that the Service Requests described below are not available until summer 2021. Until the new Service Request functionality is available, contact your program administrator for assistance.

The Service Request page allows students to request changes or updates to their enrollment or program. Depending on the Request Type selected, you will be asked to enter details before submitting the request or be provided instructions for completing the request outside of Campus Solutions.

When you select the Request Type drop-down, the available options available vary depending on your degree level and type. Options may include:

- Dual Major Request
- Excess Credit Override Request (Additional 899 or 999 credits)
- Extension—Comp Exam (additional time to complete comprehensive exam)
- Extension—Program (additional time to complete degree)
- Leave of Absence Request
- Plan Change—Major (within degree level; e.g., from one PhD to another, or one Master's to another)

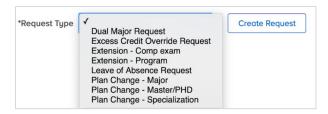

Student Information System MICHIGAN STATE UNIVERSITY

- Plan Change—Master/PHD (doctoral students changing to a terminal Master's degree)
- Plan Change—Add a Specialization
- Foreign Language Requirement (completion of language requirement)
- Plan A/Plan B (Master's students switching between thesis/non-thesis option)

Example:

Plan Change

The format is essentially the same for all service requests; the following are shown as examples.

Once a Request Type is selected from the drop-down, click Create Request. A New Request page will open where the student can review information or enter details to submit a request. In the example below, the *Plan Change* Request Type requires the student to complete a few required fields before submitting the request.

Responsible Conduct of Research, Scholarship, and Creative Activities (RCR)

In addition to GradPlan, students are able to track training toward the Graduate School's responsible conduct of research training requirement. The various classes and seminars that satisfy an RCR requirement are tracked by the Graduate School and various programs using a system called Ability; the data are extracted from Ability on a nightly basis, and displayed on the RCR page, sorted by the requirements. In addition, graduate students are able to log one-on-one discussion hours completed with their advisor and request credit towards the in-person discussion requirement.

The RCR pages are available through the Academic Progress tile:

When you click the Academic Progress tile, the page opens with a list of menu items on the left; click on the RCR link to review the training you have completed.

Summary: Year Completed		
Year 3	✓ Completed	
Year 4	✓ Completed	
Year 5	Completed	

The **Additional Training** section lists additional courses recorded in Ability that do not satisfy an RCR requirement.

Note that training that might otherwise satisfy the annual refresher for a given year will fall into this section if taken prior to the year in which they are needed. You may take training 'late' and have it apply toward a prior year's requirement, but are not permitted to count training completed in advance of when it is needed.

*Ability Course ID	*Date	Hours
EHS-0063-SCO	09/06/2019	0.75
EHSC-0001-SCO	08/26/2019	0.75
EHSC-0002-SCO	08/26/2019	0.75
EHSC-1001-SCO	08/22/2019	0.75
POE-0200-SCO	10/22/2019	0.75

• The year to which training is applied is determined based on your first Admit Term in the Graduate school. Calculations are made to compare the year of training to your admit term, to determine 1st year, 2nd year, 3rd year, etc. Provision is not made in this calculation for students who drop out or take a break in their studies, or who return for an additional graduate degree. Consult with your program if you have a break in enrollment and the categories are not completing as expected.

Requesting Advisor Discussion Hours

Click on the RCR Discussion link to submit a request for Advisor Discussion hours. **Note that this form is to** be used only for one-on-one discussions with your advisor. Training completed with someone other than your advisor, or in a group or class setting, will be entered to the Ability system by your program and automatically display on the RCR page.
